

CityPlace Parks – Public Open House

You are invited to an open house meeting that we are hosting to discuss parks and open spaces in CityPlace.

There are a number of exiting parks initiatives underway in the community, not least of which is the innovative "**Project: Under Gardiner**" proposal supported by a generous private donation. A new public park called **Mouth of the Creek Park** will also be built north of the Fort York Library, and the **new school grounds at Block 31** (east of Canoe Landing) will be open to the public after school hours.

This is an opportunity to learn more about these new parks, ask questions, and help shape the future of parks in CityPlace. City staff from the Parks, Forestry & Recreation division will also be present to discuss the current state of parks in the neighbourhood, including **Canoe Landing Park**, and hear any concerns or issues you may have.

Please drop in at any time during the open house. A short presentation will be repeated over the course of the evening.

Date: December 16, 2015
Drop in: 6:00 to 8:30 p.m.
Location: Fort York Visitor Centre
(250 Fort York Boulevard)

Major CityPlace Parks and Projects

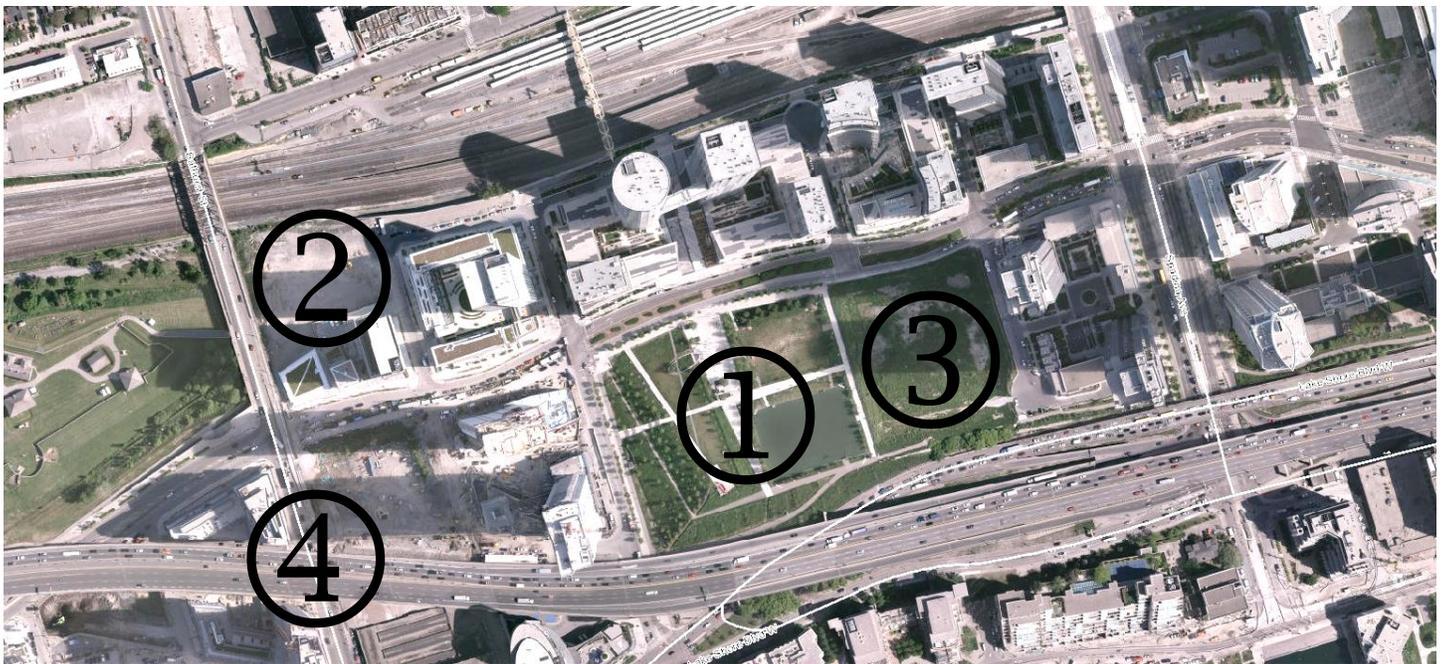

① Canoe Landing Park

Opened in 2010. Includes significant public art pieces, an artificial turf field, and a natural turf field. Community volunteers will build and maintain a new natural ice skating rink in winter 2016.

② Mouth of the Creek Park

A design concept was presented in 2013. The detailed design is currently being developed. Located at the mouth of Garrison Creek on the original Lake Ontario shoreline.

The park will relate to the new Fort York Library branch and connect Northern Linear Park under Bathurst Street to Fort York.

③ Block 31 community complex

Opening in September 2019, this public complex will include a City of Toronto community centre and daycare facility, along with public and Catholic elementary schools.

The outdoor play area will be adjacent to Canoe Landing Park and open to the public after school hours.

④ Project: Under Gardiner

A generous \$25 million gift from Judy and Wil Matthews.

The project will create more than 10 acres of new public space and 1.75 km of multi-use trail beneath the elevated expressway from Spadina Ave to just west of Strachan Ave.

It will be a new outdoor living room for the 70,000 residents who live nearby.
