

**The Atlas Corporation/Buttcon Limited
Joint Venture**

Dear neighbour,

Our firm is constructing the new "Block 31" integrated multi-use community facility next to Canoe Landing Park, which will include:

- Canoe Landing Community Recreation Centre
- Canoe Landing Child Care Centre
- Bishop Macdonell Catholic Elementary School, serving 550 children from kindergarten to grade eight
- Jean Lumb Public School, serving 550 children from kindergarten to grade eight

Due to weather challenges over the duration of the project so far, some time has been lost. In order to ensure the schools open as scheduled for the start of the school year in fall 2019, extended work hours are necessary.

We are providing this notice to inform you that construction work will start on Saturdays at 7 AM until the end of December, two hours earlier than normal for a Saturday. Work will continue to follow regular hours during the rest of the week, which are 7 AM to 7 PM Monday to Friday, and no work on Sundays.

We will make every effort to minimize unnecessary noisy work during these extended hours on Saturday mornings.

At the end of December, the City of Toronto will review the effect of this change including any feedback from neighbours before considering a continuation of the extended work hours.

Feedback can be provided to the following City of Toronto contacts:

- Project Manager Suzanne Cooke-Wooland - suzanne.cooke-wooland@toronto.ca
- City Councillor Joe Cressy – councillor_cressy@toronto.ca

To learn more about the new multi-use community facility, please visit www.toronto.ca/block31.

Sincerely,

The Atlas Corporation/Buttcon Limited Joint Venture
